
Employee Code of Conduct

Applies to every person engaged by ITBD, in any employment type, at every location.

1. Purpose

This Code sets the standard of professional conduct expected of everyone engaged by ITBD, protecting our people, our clients, and the company's reputation.

2. Core Expectations

- Treat colleagues, clients, and candidates with respect regardless of role, background, or seniority.
- Protect client and company confidential information at all times, including after your engagement ends.
- Disclose conflicts of interest to your manager or HR before they affect a business decision.
- Use company systems, data, and access credentials only for legitimate business purposes.
- Report suspected violations through your manager, HR, or the Discipline Management process — retaliation against a good-faith report is itself a violation.

3. Enforcement

Violations are handled through the formal Discipline Management process (Notice to Explain / Notice to Decision), documented and retained per local labor law requirements.

By signing below, I acknowledge that I have read, understood, and agree to abide by this Code of Conduct.
